

MS. STEIN: Now Bill Clarkson, membership chair, will give our membership report.

MR. CLARKSON: Good afternoon. Well, as Lisa alluded to, this year is the second-highest attendance at this conference in the past eight years. The other one was in 2002, and it was right here. Bruce left a note for me saying, in the words of California's governor, that we might say we'll be back.

The association totals are as follows. We are 567 members strong. There are 17 honorary members, 275 school members, 204 second members at schools, 61 affiliate members, and 10 college members. And this evening we are welcoming in four new schools to the association. The Graland Country Day School, Veronica McCaffrey, head; the Pennington School, Florida, Penny Townsend, head; the Wildwood School, California, Landis Green, head; and the Trinity Episcopal School from Austin, Texas, Pat Adams. Pat is not here, but would the other three please stand and let us welcome you? We are thrilled to have you.

Finally, if you are a first-time attendee, as a second member or a spouse, partner, or guest, would you all please stand and let us welcome you warmly? Thank you very much.
